-

WORK EXPERIENCE

Doctoral Researcher, Birkbeck, University of London **10/2022 to present**

- Leading a fully funded field-based research on intersectional and intergenerational gendered experiences of water stress in urban India, with a focus on informal settlements in Jaipur.
- Designed and implemented a year-long qualitative study using life history interviews, focus groups, and participatory methods, engaging residents, government officials, and CSOs.
- Applied feminist and decolonial frameworks to analyse urban climate adaptation; produced policy-relevant insights in collaboration with local NGOs and city actors.
- Presented at international conferences (RGS-IBG, POLLEN, UNESCO WWAP); forthcoming publication with UNESCO WWAP based on research findings.

Graduate Teaching Assistant (GTA), UCL and LSE **09/2025 to present**

- Assisting with the delivery of the module Geographies of Infrastructure at UCL and Environment: Science and Society at LSE
- Leading small-group seminars and facilitated discussions to support student engagement with course material
- Provided academic support and guidance to students, including feedback on assignments and class participation

Data Team (Part-time), Woman's Trust, London **02/2023 to 08/2023 & 01/2025 to present**

- Improved data systems (Oasis CRM, CORE, Excel, Power BI); transitioned from MS Access and Excel to Power BI.
- Produced impact reports for funders, Councils, and Trustees
- Trained staff in internal data systems and audited data entry

IML Consultant (Part-time), Purpose, India **10/2023 to 08/2024**

- Led research on Just Transition in the brick kiln sector in North India funded by MacArthur
- Designed and implemented project-level indicators, logframes, and secondary research.
- Collaborated with partners and a national educational institute for knowledge management
- Developed knowledge products, co-authored a journal article (forthcoming)

Manager- Research and Knowledge Management, PCI, India **12/2020 to 08/2022**

- Led knowledge management for programmes funded by the Bill & Melinda Gates Foundation
- Designed and led more than 10 India-wide impact assessments for gender-focused projects, specifically on ending child marriage and violence against women.
- Produced evidence-based learning products, policy briefs, and advocacy materials.

National Programme Associate - M&E, The Hunger Project India **08/2018 to 11/2020**

- Managed M&E for women's political leadership and early marriage prevention programmes across six states funded by BMZ, AJWS, Azim Premji Foundation
- Developed digital MIS in collaboration with consultants; conducted baseline, midline, and endline studies.

Project Lead- Results and Insights, CMS India **08/2016 to 04/2017**

- Led evaluations on agriculture, health, and sanitation for programmes by Cotton Connect, AKRSP, TATA Trusts, Solidaridad, UNICEF C4D
- Drafted competitive proposals and designed data collection tools.
